INDEPENDENT AUDITORS' REPORT

The Trustees
Buffalo Laborers' Welfare Fund

We have audited the accompanying statements of net assets available for benefits and statements of benefit obligations of Buffalo Laborers' Welfare Fund (the Fund) as of June 30, 2016 and 2015, and the related statements of changes in net assets available for benefits and statements of changes in benefit obligations for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Fund's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the Fund as of June 30, 2016 and 2015, and the changes in its financial status for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Notes to Financial Statements

1. Description of the Fund:

The following description of Buffalo Laborers' Welfare Fund (the Fund) provides only general information. Participants should refer to the Fund agreement (the Plan) for a more complete description of the Fund's provisions.

General

The Fund provides health and other benefits to eligible participants who perform work within the jurisdiction of Laborers' International Union of North America, Local 210 (Laborers' Local 210). It was established pursuant to collective bargaining agreements between associations of local employers and Laborers' Local 210. Employers are primarily construction contractors located in the Western New York State area. The Fund is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participating contractors are required to make monthly contributions based on employee hours worked. Voluntary contributions from participants are allowed. At June 30, 2016 and 2015, the required contribution was $10.92 per hour worked, credited as follows:

	2016	2015
Health and welfare	**$ 10.58**	$ 10.58
General benefit	**0.34**	0.34
	$ 10.92	$ 10.92

Amounts contributed by employers and employees are accumulated in each participant's health and welfare taxable and tax free accounts until payment is made for requested benefits. Contributions are allocated to the participant accounts based on a formula established by the Trustees and subject to the provisions of the Plan.

Benefits

The primary benefit of the Fund is to provide healthcare insurance for participants. Excess amounts accumulated in participants' accounts are eligible for other health and welfare benefits provided participants maintain required balances in their healthcare account. Benefits, subject to the provisions of the Plan, are provided for healthcare insurance, medical reimbursements, wage replacement assistance, and vacation.

Contributions are allocated to the participants' healthcare and taxable accounts based on a formula established by the Trustees. Participants are allowed to transfer funds from their wage replacement taxable account to their vacation account four times a year.

Amounts remaining in participants' accounts for healthcare are generally forfeited to the Plan at the death of the participant and spouse. Benefits for other purposes are generally forfeited to the Plan either at retirement or death of the participant.

Healthcare insurance is provided through one public health insurer, Independent Health. The benefits include hospital, surgical, prescription drug and major medical.

The Fund also reimburses participants for qualifying dependent care benefits, up to $2,000 per year.

The Trustees may amend, modify or terminate the Plan, in whole or in part, at any time and for any reason. Any amendment may reduce or eliminate any benefit provided under the Plan and may result in the forfeiture of the balance of accounts. Under no circumstances will any Plan benefit become vested or non-forfeitable at any time with respect to any participant (active, inactive or retired) or beneficiary.

The Fund was established with the intent that it will be maintained for an indefinite period of time. However, the funding for the Plan is conditioned on collective bargaining agreements remaining in effect that provides for continued employer contributions to the Fund. Therefore, the Trustees reserve the right to terminate the Plan, in whole or in part, at any time and for any reason.

2. Summary of Significant Policies:

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investments

All investments are held by trustee banks and investment managers who follow investment guidelines as documented within the Fund's Statement of Investment Policy. This statement governs the investment management of the Fund as well as its strategic asset allocation.

If available, quoted market prices are used to value investments. The amounts shown in Note 3 for limited partnerships have no quoted market price and represent estimated fair value. The estimated fair value is based on rates of return, collateral held, current year purchases of similar investments, appraised values and subsequent sales.

Certain investments are maintained in annuities and guaranteed interest accounts (GICS). The fair values approximate contract value. Contract value represents contributions made, plus interest, less withdrawals and administrative expenses.

The Fund maintains a fully benefit-responsive investment contract stated at contract value. Contract value, as reported to the Fund by the insurance company without further adjustment, represents contributions made, plus earnings, less withdrawals and administrative expenses. The Fund may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Unrealized appreciation or depreciation on investments is charged or credited to the net assets of the Plan.

Contributions

Employer contributions are accrued based on hours worked during the year by covered employees. Contributions which apply to the current year that are received in the following year are reported as employer contributions receivable.

Cash:

Cash in financial institutions may exceed insured limits at various times during the year and subject the Fund to concentrations of credit risk.

Property and Equipment

Property and equipment is stated at cost net of accumulated depreciation. Depreciation is provided using the straight-line method over estimated useful asset lives. Maintenance and repairs are charged to operations as incurred; significant improvements are capitalized.

Postretirement Benefits

The Fund provides a $5,000 postretirement death benefit to eligible participants. The amount reported as the postretirement benefit obligation represents the actuarial present value of those estimated future benefits that are attributed by the terms of the Plan to participants' service rendered to the date of the financial statements. Postretirement benefits include future benefits expected to be paid for 1) currently retired or terminated participants and 2) active participants after retirement from service. The postretirement benefit obligation represents the amount that is to be funded by contributions from the Fund's participating employers and from existing Fund assets.

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical data to estimate future death benefits to be paid and to adjust such estimates for the time value of money.

The following are significant assumptions used in the valuations as of June 30, 2016 and 2015:

1. Life expectancy of participants - 1983 Group Annuity Mortality for males and females for healthy participants. Mortality rates were set forward for 10 years for disabled participants.
2. Interest rate – 3.25% (4.0% at June 30, 2015)
3. Retirement rates - Active participants who are eligible for unreduced retirement benefits from the Buffalo Laborers' Pension Fund (the Pension Fund) are assumed to retire at the rate of 15% per year prior to age 62, and at the rate of 100% (i.e., immediately) following the attainment of age 62. Active participants who are eligible for reduced benefits are assumed to retire at the rate of 3% per year prior to age 62, 5% per year from ages 62 to 64, and 100% (i.e., immediately) following the attainment of age 65. Inactive participants are assumed to retire at the earliest age they are eligible for unreduced retirement benefits from the Pension Fund, which is usually age 65.
4. Disability rates - 500% of the U.A.W. disability rates for males.
5. Termination rates - Active participants are assumed to terminate from active participation in the Plan at the rate of 30% at age 20, grading down to 0% at age 42.
6. Future hours - Hours worked in future years (for purposes of future eligibility) are assumed to be the maximum of hours worked in the past two plan years.

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

Income Taxes

The Fund is exempt from income taxes under the provisions of Section 501(c)(9) of the Internal Revenue Code. The Fund believes it is no longer subject to examination by Federal and State taxing authorities for years prior to 2013.

Subsequent Events:

The Fund has evaluated events and transactions for potential recognition or disclosure in the financial statements through January 17, 2017, the date the financial statements were available to be issued.

3. Investments and Fair Value Measurements:

Accounting guidance establishes a three-level fair value hierarchy that prioritizes the inputs used to measure assets at fair value. Inputs refer broadly to the assumptions that market participants would use in pricing the asset, including assumptions about risk. Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset and are based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's own perceptions about the assumptions market participants would use in pricing the asset and are based on the best information available.

The three levels of fair value hierarchy are as follows:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Fund has the ability to access on the reporting date.

Level 2 - Inputs other than quoted market prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. If the asset or liability has a specific (contractual) term, a Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable for the asset or liability.

The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs.

The fair values of investment assets valued at fair value are determined as follows as of June 30, 2016 and 2015:

	Based on		
2016	Level 1	Level 2	Level 3
Money market funds	**$ 584,826**	**$ -**	**$ -**

Following is a reconciliation of activity for 2016 and 2015 for assets measured at fair value based on significant unobservable (non-market) information:

	2016	
	Limited Partnerships	Annuities and GICS
Balance, beginning of year	**$ 775**	**$ 1,026,213**
Purchases	**-**	**20,515**

Sales	-	(800,000)
Unrealized loss	(2,180)	-
Balance, end of year	$ 775	$ 1,026,213

4. Fully Benefit-Responsive Investment Contract:

The Fund maintains a fully benefit-responsive investment contract with an insurance company. The insurance company maintains the contributions in its general account. The account is credited with earnings on the underlying investments and charged for withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Fund.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than one and one-half percent. Such interest rates are reviewed every six months for resetting.

Certain events limit the ability of the Fund to transact at contract value with the issuer. Such events include the following: (1) amendments to the fund agreements (including complete or partial fund termination or merger with another fund) or (2) the failure of the Fund to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Additionally, participant benefit withdrawals from the contract at contract value are limited to the pro rata share of the contract in relation to total investments. The fund administrator does not believe that any events which would limit the Fund's ability to transact at contract value are probable of occurring.

The fully benefit-responsive investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

5. Related Party Transactions:

The Fund is related through common trustees to the Pension Fund, Buffalo Laborers' Training Fund (the Training Fund), and Buffalo Laborers' Security Fund (the Security Fund), and is reimbursed, based on periodic time studies, for office and administrative expenses incurred on behalf of these funds.

The following is a summary of balances and transactions with related parties at June 30, 2016 and 2015 and for the years then ended:

	2016	2015
Reimbursement of office and administrative expenses	**$ 313,435**	$ 299,899
Due from related funds at June 30	**$ 28,843**	$ 24,207

The Fund also shares office space with the Pension Fund and provides for monthly payments based on its pro-rata share of office space used as a percentage of the occupancy and other operating expenses paid by the Pension Fund. Rental expense paid for the years ended June 30, 2016 and 2015 was $35,507 and 36,438. Amounts due to the Pension Fund and included in accounts payable at June 30, 2016 and 2015 were $2,293 and $2,297.

6. Property and Equipment:

	2016	2015
Furniture and fixtures	$ 202,895	$ 201,789
Less accumulated depreciation	174,101	166,101
	$ 28,794	$ 35,688

Depreciation expense for the years ended June 30, 2016 and 2015 was $8,000 and $8,316.

7. Life Insurance Premiums:

Life insurance premiums are a direct expense of the Fund. Life insurance coverage is provided to all pensioners and to active participants that are eligible pursuant to the Plan. Active participants that do not have the required hours for eligibility may pay directly to the Fund for coverage not to exceed one year.

8. Pension and Profit Sharing Plans:

Substantially all of the Fund's employees are covered by a contributory 401(k) profit sharing plan. Contributions to the plan are at the discretion of the Fund's Trustees for management employees, and the agreed upon hourly contribution rate for collectively bargained employees. The Trustees approved a 10% contribution for management participants employed by the Fund at December 31, 2015 and 2014. Total pension expense for 2016 and 2015 was $36,909 and $33,349.

In addition, the Fund contributed $2.50 per hour worked in 2016 and 2015 by management employees to the Security Fund, a noncontributory defined contribution profit sharing plan. Contributions totaled $10,320 and $9,360 in 2016 and 2015.

9. Contingencies:

Loss Resulting from Madoff Securities Fraud:

In 2009, the Fund recognized a loss of approximately $7,000,000 in connection with a securities fraud perpetrated by Bernard L. Madoff (Madoff). In 2010, the Fund received insurance proceeds of $500,000 from the Securities Investor Protection Corporation. Additionally, the Fund received $69,030, $574,155, $47,700, $41,145, and $123,930 from the Madoff bankruptcy trustee in 2012, 2013, 2014, 2015, and 2016, respectively.

During 2016 and 2015, the Fund received $16,775 and $1,010 from a limited partnership with Madoff exposure. These amounts are recorded as securities litigation proceeds on the statements of changes in net assets available for benefits for the years ended June 30, 2016 and 2015.

Additionally during 2015, the Fund received $18,657 from a financial institution with Madoff exposure. This amount is recorded as securities litigation proceeds on the statement of changes in net assets available for benefits for the year ended June 30, 2015.

Other:

The Fund is involved in various legal proceedings which, in the opinion of management, will not have a material effect on the financial status of the Fund.

INDEPENDENT AUDITORS' REPORT ON ADDITIONAL INFORMATION

The Trustees
Buffalo Laborers' Welfare Fund

We have audited the financial statements of Buffalo Laborers' Welfare Fund as of and for the years ended June 30, 2016 and 2015, and our report thereon dated January 17, 2017, which expressed an unmodified opinion on those financial statements, appears on page 1. Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The schedules of health and welfare expenses and administrative expenses are presented for purposes of additional analysis and are not a required part of the financial statements. The schedules of assets held at end of year as of June 30, 2016, and reportable transactions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Fund's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.
